Pixel Week Outside CERN

- Motivations:
 - ◆ build community spirit
 - ◆ reward operation team for hard work in collecting quality data
 - ◆ get Pixel members out of CERN office to attend Pixel Week
 - ◆ special thanks to Giovanni for wholeheartedly accepted the proposal to host the meeting at Paris
- No more outside meeting planned
 - ◆ your feedback can change this...

Summary of Contacts with PIB

- ATLAS management met with PL's and IB Chairs of all systems in June
 - ◆ sustain and improve the operational and software support of the detector operation during Run 3 through 2025
 - ◆ ask to meet to discuss the plan of each institute for contributions to the Pixel operation

Summary of Contacts with PIB

- Vast majority of institutes responded to the ~40 individualized/carefully worded e-mails
 - ◆ a few institutes not responded
 - ◆ most meetings via Zoom
 - ◆ a few in-person meetings at Vancouver
 - ◆ discuss the plan of each institute for contributions to the Pixel operation
 - ◆ most institutes agree to add students/post-docs
 - several new students/post-docs have joined!
 - make PIB aware of the Pixel operation needs when new members join an institute
