THE COOPERATIVE NATURE
OF THE FIRM

Tatsuro Ichiishi

Cambridge, UK: Cambridge University Press, 1993

ERRATA

Page 72, line 5: “[x]” should be “⌈x⌉”.

Page 105, line 3 of assumption (v) of Theorem 3.4.11:

\[
\bigcap_{T \in T} \left\{ x \in X \mid \forall T \in T: x^T \in F^T(\bar{x}), \text{ and } \bar{u}_j \leq u^T_T(\bar{x}, x^T) \text{ for each } j \in T \right\}
\]

should be:

\[
\bigcup_{T \in T} \left\{ x \in X \mid \forall T \in T: x^T \in F^T(\bar{x}), \text{ and } \bar{u}_j \leq u^T_T(\bar{x}, x^T) \text{ for each } j \in T \right\}
\]

(The intersection should be changed to the union. Here, the second \(T\) under \(\bigcup\) should be in bold; I (the author) don’t have the right font for this errata.)

Page 168, line 7: “quasi-concavity of \(g(p, \cdot)\)” should be “quasi-convexity of \(g(p, \cdot)\)”.

Page 176, line 3 of the second paragraph: “Quinzii (1991)” should be “Quinzii (1992)”.
